

### About WaTech

Established a decade ago, WaTech stands to its sense of purpose - to provide safe, pure & healthy water to the common man by creating innovative and affordable water purifiers.

The man behind this successful venture, M.D. has more than ten years of technical & commercial experience in the water purification & treatment business. In recognition towards his outstanding contribution to the water purifying industry, M.D. has been honoured with the Paul Harris Fellow Award by Rotary International of US, Rashtriya Nirman Ratan Award by the Indian Organization for Business Research and Development and Udyog Pratibha Ratan Award by the Global Society For Health and Education Growth.

Equipped with state-of-the-art multi-location manufacturing facilities, hi-tech quality control labs and a dedicated team of expert engineers, WaTech, in just ten years, has emerged as a fastest & largest Water Purification & Treatment company. It became India's first company to get ISO 9001:2008 certifications from TUV for design, manufacturing, installation and services. WaTech is member of Water Quality Association-USA and Indian Water Works Association.

### APPLICATIONS

- Food and Beverage
- Corporate Building and House
- Hotel and Restaurant
- Hospital & School
- Textile Industry
- Pharmaceutical Industry
- Boiler and Cooling Tower
- Electronic Manufacturing
- Poultry Farm & Green House
- Laboratory
- Dye Industry
- Kidney Dialysis

### OUR PRODUCTS

- Domestic and commercial RO system
- RO+UV+Alkaline system
- RO With Cold & Hot water system
- Package Drinking Water Turnkey Project
- Industrial RO system
- RO & UV Solar Based system
- Demineralization system
- Water softening system
- Waste water recycling plant
- Hydro-pneumatic booster system
- Sea water desalination system
- Sand, carbon, micron filtration system

### Our Esteemed Customer

- 1-Filling Point
- Card & Coin Operated
- RO 50/100 Lph.
- Cold water Storage 100/200 Ltr.

- 1-Filling Point
- Coin Operated
- RO 25 Lph.
- Cold Water Storage 25/50 Ltr.
- Fill up to 5 Ltr.

## Water Vending Machine Card & Coin Operated system (24x7)

Welcome to the world of  
Safe & Pure water

वाँटेक  
पानी को अमृत बना दे

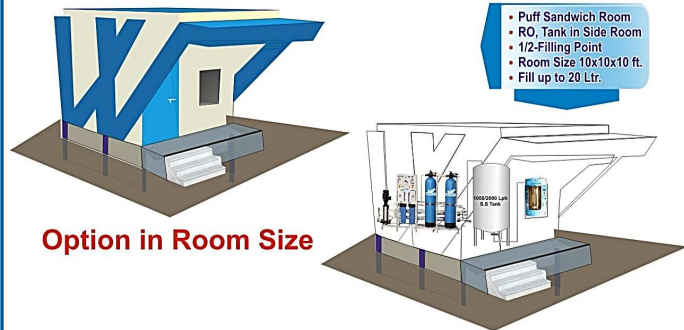

## Water Vending Machine (ATM)

- 1/2-Filling Point
- Card & Coin Operated
- RO 250/500/1000/2000 Lph.
- Cold/Normal Water Storage 500/1000/2000 Ltr.
- plant Put in Room
- Fill-up to 20 Ltr.

Option in Room Size

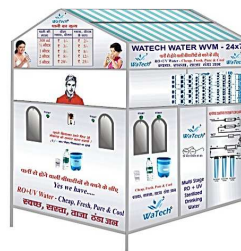

- 1/2-Filling Point
- Coin Operated
- RO 250/500 Lph.
- Cold / Normal water Storage 300/500 Ltr.
- Fill 300 ml to 20 Ltr.

## Different Capacity, Different Design, Different Look

- 2-Filling Point Filling Point No. 3 & 4
- Card & Coin Operated
- RO 100/150/250/500 Lph.
- Cold Water Storage 200/500/1000 Ltr.
- Fill 300 ml to 20 Ltr.
- Raw Water Tank -200/500 Ltr.

- 4/6-Filling Point
- Card & Coin Operated system
- RO 100/150/250 Lph.
- Cold water Storage 200/500 Ltr.
- Fill 300 ml to 5 Ltr.
- Raw Water Tank -200/500 Ltr.

- 2-Filling Point
- Card & Coin Operated
- RO 50/100/150 Lph.
- Cold Storage 200/300 Ltr.
- Fill 300 ml to 20 Ltr.
- Raw Water Tank 500 Ltr.

- 1-Filling Point
- Coin Operated
- RO 50/100 Lph.
- Cold water Storage 100/200 Ltr.
- Fill 300 ml to 20 Ltr.
